Dear Steve:

RE: Northwest Properties – New Office

I am writing this reference letter to recommend Netcetera for their IT consultation, project management and troubleshooting services.

We recently relocated offices and Netcetera played a pivotal role in ensuring the transition went as smoothly as possible. The Netcetera service team was able to minimize downtime while coordinating the switch over of our server and network connections. Open communication and fair pricing allowed me to feel confident in their services and remain hands off while I focused on other parts of the office relocation and renovation.

I would highly recommend Netcetera for all IT consultation, project management and troubleshooting.

Sincerely,

Stacey Silgavlis
